College Ball a Red Carpet Affair...

The College Ball themed “Red Carpet” took Centre stage in the last weeks of term as students actively planned and delivered a fantastic event. No stone was unturned to ensure the night was a success.

The event is organised by the Student Council who choose the theme and then assist with the planning and delivery of the program for the nights entertainment. Students and staff enjoyed a wonderful night with plenty of food, mocktails and dancing. The venue looked sparkling with its “Red Carpet” theme and every student dressed to the nines as they strode arm in arm down the red carpet to the applause of other guests.

Congratulations to Beau and Belle of the Ball Danielle Trappitt and Calvin Craig and to Prince and Princess of the Ball, Mckenzi Nix and Sydnee Benn.

Residential Manager, Kelli Gillies could not speak highly enough of all the students who attended. (Continued page 6)
Term 2 has started off with a flurry of activity around the farm as we prepare for that definitive break to the season. While we have had some rain, a good germination and some pad-dock feed we are still looking for that significant rain event that really wets the soil profile and sets the season up.

Students have been busy spreading lime and fertiliser, reseeding paddocks, crutching and vaccinating ewes for lamb-ing, marking calves and fencing just to mention a few.

There have been lots of opportunities to drive tractors and machines with a number of students even giving up part of their holidays to help out on farm.

College Ball

Term 1 ended on a very positive note with the College Ball on the second last weekend of term. The Ball Committee and Kelli Gillies did a wonderful job preparing the Southern End Function Centre; it looked terrific as did the students. All of those that attended had a wonderful time. The ball is certainly a social highlight for the students and something they look forward to.

While students were partying “up the hill”, parents and some staff took the opportunity to meet in town for a meal and social get together. This is one of the few opportunities for parents and staff to socialise and I’m sure valued by those that attend.

Term Program

This term is an extremely important one academically. There are few interruptions and it is a time when we expect students to be working diligently to complete assignments and set tasks.

It is even more important for Year 12 students who with only two terms to go are rapidly running out of time. Students in the main have settled quickly back into the program but I would stress the importance of all students using their prep time constructively to achieve their goals. Most students should be putting in much more than the time allocated particularly those on the ATAR pathway.

Robotic Dairy Update

It is some years since we started talking about the robotic dairy and our hopes to have it up and running in 2014.

There have been many disappointments along the way the most significant revolving around the escalating costs. I can now inform parents that all obstacles have been addressed. Tenders have been called and received and while it again went over budget, the Department of Education has agreed to meet the shortfall and we are very appreciative of that support.

The tender process will be completed this week and a site meeting planned for a couple of weeks’ time. Building will start soon with completion in six months. We are still hopeful that we will be milking in the new dairy this year. Thanks to all of those people that have supported us through this planning stage.

Planning For The Future

While talking of new buildings we are currently exploring funding opportunities for the construction of one extra dormitory wing.

While it is early days and the process is quite long, we are hopeful that we can secure funding in the near future. I will keep you informed of any developments.

Enrolments 2016

Enrolments for next year are quite promising with some outstanding students applying for positions. With the College currently full, should you know of anyone chasing a place at Denmark next year, please encourage them to get in early as I’m confident places will fill quickly.

Mid-Term Break

With winter upon us (and at the time of writing our coldest day of the year so far) I’m sure students will be looking forward to our mid-term break for a rest and sleep in. The 1st of June is WA Day with the 2nd June set aside as a travel day.

Kevin Beal
Kevin.Beal@education.wa.edu.au

Read all about the College operations and achievements in the 2014 Annual Report located on the College website: www.denmarkag.wa.edu.au
Stage 2 and Stage 3 WACE Examinations

In 2015, Year 12 students still have the opportunity to sit for WACE course examinations for Stage 2 or Stage 3 units. From 2016, Stage 1, 2 and 3 units will be replaced by General and ATAR courses in Year 11 and 12, and students wishing to achieve an ATAR (Australian Tertiary Admission Rank) will only be able to do so by being enrolled in Year 12 ATAR courses.

Opting Out of Stage 2 WACE Exams

In 2015, WACE examinations for Stage 2 units in Year 12 are optional. Students have until **Wednesday 1 July** to inform the school whether they intend to opt out of sitting for Stage 2 exams. Students who have not opted out of the Stage 2 examination by that date will be required to sit the examination.

VET Exemption from Sitting Stage 3 WACE Exams

Because of their significant VET program, Year 12 students who are enrolled in three or fewer examinable Stage 2 and/or Stage 3 units are eligible to apply for an exemption from sitting the Stage 3 WACE examinations. The last date to apply for this VET exemption is also **Wednesday 1 July**.

Parent information – Student Declaration and Permission online

Year 12 students and those students enrolled in a WACE examination in 2015 will be asked to complete the online student declaration and permission. Details of this process is listed below.

The deadline for students to complete this process online is **29 May 2015**.

Student Declaration

Year 12 students and those students enrolled in the WACE examinations need to declare that they are aware of the requirements to achieve the Western Australian Certificate of Education (WACE) and for sitting the WACE examinations. These requirements are listed in the Year 12 Information Handbook which is available on the Authority website:

When checking this declaration box online one of the requirements is that your son or daughter has discussed them with you. Please refer to the above link for this information.

Student Permission

Year 12 students and those students enrolled in a WACE examination will be asked to give permission for the following:

(a) **Release of their name should they win an award**

The School Curriculum and Standards Authority award winners are published in the media and on the Authority’s website if permission to do so has been given by the student.

(b) **Use of school work for creating support materials**

The School Curriculum and Standards Authority is seeking permission for the use of school work produced during 2015 e.g. assignments, projects, portfolios, test, school-based exam responses.

(c) **Use of examination responses (written and practical)**

The School Curriculum and Standards Authority is seeking permission for the use of:

WACE written and practical examination responses (copyright owned by the student); and

Images and sound recordings of the student in photographs, audio recordings and audio visual recordings that are made during the WACE practical examinations (copyright owned by the State of Western Australia).

Your son or daughter is encouraged to discuss each of the above questions with you prior to completing the student permission. The online procedure has been developed so that your son or daughter cannot complete the student permission unless they click on ‘Yes’ to ‘I have discussed my responses to the above questions with my parents/guardians’.

Further information is available via the link:

Student declaration and permission on the Parents page of the School Curriculum and Standards Authority website.

OLNA Testing

Results from the first round of OLNA testing will be available to schools from 11 May. As soon as the results are available to us we will forward the information on to students and parents.

The next round of OLNA testing this year will be in September.
Year 11 and 12 Work Experience

By this stage Year 11 and 12 students should know whether they are involved in Country Week 2015. If students are not going to Country Week they will need to undertake a week of school-authorised work experience.

Information regarding the one-week block of work experience at the end of this term has already been sent out to all parents of Year 11 and 12 students.

It would be greatly appreciated if parents could return the Work Experience Placement Information form to the school as soon as possible.

Kevin Osborne
Kevin.Osborne@education.wa.edu.au

ANZAC Day - 100th Commemoration

On Saturday the 25th April 2015, more than 200 dawn services across the length and breadth of the State began the commemorations marking 100 years since Gallipoli. From Kings Park to the Abrolhos Islands and Albany/Denmark to the lonely outpost of Warracoona, West Australians prepared for the most historic Anzac Day of a lifetime.

All students who stayed in residence for the Anzac Day long weekend attended both the dawn service and the Anzac Day parade in Denmark, with 35 students plus staff participating. Students laid a wreath for both services and our students looked magnificent in their uniform representing the College proudly and in significant numbers. Thank you to the residential staff on duty who attended to students overcome by heat, they were very attentive and provided the care and attention necessary.

On Sunday evening, students visited Albany and were treated to an awe-inspiring and imaginative series of moving projections on Albany’s most historic buildings. From the departure of the first convoy, the series of free projections shared with viewers the journey taken by soldiers from Albany, on to Ceylon and then to Cairo and up to the first real battle engagement at Gallipoli.
Fencing Project

It has been a very busy first couple of weeks on farm after the holidays. We have been doing a lot of fencing, placing in strainer posts and sub-dividing paddocks in preparation for the new dairy fences to be constructed. Many students have been taught how to do a box end assembly and the importance of having these constructions well-made and sturdy. So far we have positioned 30 of these assemblies around various paddocks. We are also fencing off the old piggery ponds and building, making the area around this into new equine paddocks with a connecting lane way between this area and the existing one.

Sowing & Re-Seeding

Farm paddocks have been re-seeded. Some of these were sprayed out prior to this; others rotary hoed and some were direct seeded. We have completed about 100ha in a cross sowing pattern, meaning we have to do each paddock twice. The reason for cross sowing is to get more even and closer sowing spacing. Because we did a considerable portion of the sowing during the holidays, many of the local students gave up part of their holidays to help as well as to improve their driving skills. Well done to those students who volunteered to assist us in doing this task.

Equipment

Our large grain auger has been re-assembled after some refabricating and will be painted soon. The work was carried out in the trade training centre and farm workshop. The refurbished auger will look a treat when completed. Well done to both those sections for their help with this project.

The forage chopper will be repaired soon and the hay mower. Both of these broke down last season and we did not have the time to repair them. This work will be carried out over the next few weeks in the farm workshop.

Forestry

With Winter fast approaching we have been busy preparing firewood and delivering orders to clients. As a result quite a few of the Year 12 forestry students who have attained their chainsaw ticket are building up their log book hours. We have also cleaned up a few fence lines removing overhanging limbs with quite a few more to be done over the coming weeks.

Sheep

Sheep are starting to lamb (650 ewes) so this section will be very busy monitoring the lambing ewes, keeping predators at bay and keeping the nutrition up to the ewes. Crutching of flocks was completed before lambing and all ewes given their pre-lambing vaccinations.

**From the Farm Supervisor**

The College beef cows have completed calving and now some are being prepared for artificial insemination...

Fred Knight
Fred.Knight@education.wa.edu.au
Residential Manager Report

Encouraging young people to enjoy this aspect (of planning and organising an event) can often be overlooked due to the stress that may be involved...

Welcome back to our students and staff after the Term 1 vacation break. I trust all students are refreshed and ready to capitalise on their learning and residential opportunities and face any challenges with courage and commitment.

Return to College

The commencement of this term began with some confusion due to the return day not being a Tuesday. I would ask that you read and check your newsletter so that we do not have students returning to College late; some up to three days after the commencement of school/residence. To assist, in future we will text message parents a reminder of the date students return to residence and school, prior to the commencement date.

College Ball cont. from front page

To be amongst the Student Committee who chose the theme and then assisted with the set-up of the event was a pleasure. Michaela Hendry is worthy of a special thank you. A large component of any successful event is in the organisation and the preparation. Encouraging young people to enjoy this aspect can often be overlooked due to the stress involved.

Adam Kondakov and Todd Banks helped create the balloon net and assisted with all the finer details, including checking in at the end of the evening to offer their help with the clean-up. Their can-do attitude really made a difference on the night. Thanks also to Kyle Milentis who worked tirelessly in the kitchen assisting Ben Marshall and myself to concoct the Cranberry Cosmo, Melon Head and Aggie Blue ‘mocktails’. The heavily laden ‘lolly bar’ was hoovered in no time and I am sure it enhanced the dance moves!

Last but definitely not least our ‘surprise dessert’ Mr Whippy (aka Jim Sharpe) who parked on the lawn outside the venue. A great way to satisfy any sweet tooth, including Mr Beal who lined up for his double choc sundae or three. :)

The Year 12 ‘ride to the ball’ was very impressive, Sally Dowinton set the bar very high for next year, thank you Sally. All pictures from the ball have been placed on the shared drive so students can download their individual selection and some have also been placed on the College Facebook site while work is pending on the College website. I spent some time having a look through the 2000 plus stunning and hilarious images, what a great night! I look forward to next year...I think.

Leaver’s Jackets

Are on their way! Jackets will be released once paid for and this year the cost is $89.00. Please contact Craig Armstrong for payment information.

Calling All Bright Sparks!

The College is one of Denmark’s largest consumers of water so we have entered into the Australian Water Association, Water Innovation Challenge. I have submitted an application where we are seeking funds to sub-meter the College and educate students (and the wider community) by way of an intra-College challenge using a greenhouse gas inventory to calculate consumption and reduction of water. This is a behavioral change project.

Winners of this prestigious event will be announced at the International Water Conference to be held later this month and includes a range of prizes and media exposure, all of benefit to the College.

Health and Wellbeing - Reminder

As outlined in the last issue of the newsletter the College continues to provide support to students requiring doctors and other health related appointments. Where possible these appointments are made outside of school hours to minimise disruption to the school program. For any follow up appointments with specialists the College asks parents and carers where possible to make these during school holidays.

Please contact the College if your child has any medical imaging needs before appointments are made in Albany to see if they can be accommodated at the local Denmark clinic. Thank you.

Travel Arrangements Home Weekend

The College will organise the bus tickets for the ‘home weekend’ 29 May to 2 June and the end of Term 2. All other bus tickets are the responsibility of parents and guardians.

Please discuss arrangements with your child so that the College can book any necessary bus tickets.

Reminders—Weekend Leave

Please ensure weekend leave forms are in by close of business on Wednesday. Students will not be released to ex-students who live in Denmark or people that we do not regard as responsible adults. Last minute leave and day leave will only be approved via the Residential Manager and/or the Principal. The College will contact you if there are any concerns regarding leave arrangements. Student safety is our utmost concern with regard to leave arrangements.

Kelli Gillies
Kelli.Gillies@education.wa.edu.au
As parents are probably aware, Year 11 and Year 12 students may choose either Countryweek or Work Experience in the final week of Term 2 (June 29 – July 3). Year 10 students have the opportunity of being involved in a Study Tour which will take them to some major centres in the South West of the State.

Study Tour

The year 10 Study Tour will change this year with an emphasis placed on the South West of WA rather than the Perth metropolitan area. The tour will include visits to a number of agricultural enterprises and related industries at Pemberton, Busselton, Margaret River, Harvey and Bunbury. Other non-agricultural educational visits are also planned for the tour. Teaching staff are still completing the organisation of the tour, but the major venues will probably include:

- Pemberton Tramway
- Busselton Jetty/Underwater Observatory
- Mammoth Cave (Self-guided cave tour)
- Oliobello Olive Farm
- Margaret River Maze
- Margaret River Chocolate Factory
- Simmo’s Ice-creamery
- White Rocks Dairy Farm
- Alcoa
- Harvey Beef
- Harvey Cheese
- Dolphin Discovery Centre/Eco-cruise

Recreation will include a jetty walk in Busselton and movies at a cinema in Busselton or Bunbury. Students and parents need to liaise with me for arrangements for leaving Study Tour for the second term holidays.

Options include

1. Being picked up from the tour accommodation (Advent Park Camp – Busselton) on the evening of the 2 July or morning of the 3 July.

(2) Being dropped off at the Bunbury Railway Station (Picton Road, East Bunbury).

(3) Travelling with the Study Tour bus and meeting parents at a predetermined location on the South Coast Highway or Albany Highway.

Teaching staff feel this tour will be of significant educational benefit and complement what students have learned at the College. There will be a charge of $250 attached to the Study Tour to cover the cost of transport, accommodation and admission fees. We will be sending final information and consent forms home later this term.

I will also be outlining behaviour expectations to all Year 10 students for the tour and the weeks leading up to the Study Tour. Teaching staff are only prepared to take those students who have shown positive behaviour during the term on a major excursion such as Study Tour.

Exams

Year 11 ATAR and Year 12 Stage 2 and Stage 3 students will be completing exams in Animal Production Systems, Plant Production Systems, English, Mathematics and Biology over the coming weeks. Some teachers are also planning to program major tests for Year 11 students towards the end of Semester 1.

Please encourage your son/daughter to set time aside over the next few weeks to prepare for these major assessments. The mid-year exam is also great preparation for the end of year exams.

Muresk Institute Open Day

Claire Petrie and I will be taking interested Year 11 and Year 12 students to the Muresk Open Day on May 8-9. This should be an excellent opportunity for students and the general public to discuss recent developments and courses available at the Muresk Institute.

The Muresk brand has been shown to be very resilient even after Curtin University of Technology closed the programs on the campus and moved them to Perth.

Charles Sturt University and C.Y. O’Connor Institute are working in partnership to deliver the Bachelor of Agricultural Business Management at Muresk Institute.

This degree provides students with a strong foundation in agri-business and the skills and knowledge required to pursue a career in a variety of agricultural industries. Students learn skills in business management and finance as well as the technical aspects of managing agricultural production.

The University of Queensland is also delivering an Integrated Diploma Program in Agriculture at Muresk with a focus on new technologies. This is the first year the program has been offered in WA. Ross Murray and Richard Williams from the University of Queensland will discuss entry requirements, course content and employment opportunities at the Muresk Open Day.

2015 Year 12 College graduates should consider the Charles Sturt/Muresk degree and the University of Queensland Diploma in Agriculture as options for study over the next few years.
The majority of staff have listed the assessment tasks for their subjects that must be completed this term. A reminder to students to complete all assessment tasks by the due date. Your education program becomes much more difficult if you “fall behind” in your work. Parents please encourage your son or daughter to complete these tasks by the due dates.

Residential Accommodation Fees – Reminder

Just a reminder that the Department of Education requires all 1st and 2nd Residential Accommodation Fees to be paid in full by 3 July 2015 in order for a student to continue in residence in Term 3. Residency will be denied in Term 3 if this condition is not adhered to. In this circumstance, students can continue their education program as day students. If you will experience difficulty clearing the 1st and 2nd instalments by this date, please don't hesitate to contact me.

Please note that if you are already on an existing payment plan or are receiving AIC Allowance that is paid direct to the College, this message does not apply.

Boarding Away from Home Allowance (BAHA $2,105)

A final reminder that applications for the Boarding Away from Home Allowance – Agricultural Special Subsidy close on 31 July 2015. If you are yet to submit an application, please head to our website (link below) and download an application form. Once completed, please fax / email / post back to the College.

College Council

Following the last meeting of your College Council, it was decided that information as to the role of the College Council plays in the College community would be communicated to all parents / carers. This information is detailed below. If having a say on the direction of the College is something you would like to do, you are more than welcome to attend our next meeting on Friday, 29 May 2015 at 2pm.

The Council is formed with the fundamental purpose of enabling parents and members of the community to engage in activities that are in the best interests of students and will enhance the education provided by the College.

Functions of the Council

To take part in:
- establishing and reviewing from time to time, the school’s objectives, priorities and general policy directions;
- the planning of financial arrangements necessary to fund those objectives, priorities and directions;
- evaluating the school’s performance in achieving them; and
- formulating codes of conduct for students at the school.

With the approval of the Director General to:
- take part in the selection of, but not the appointment of, the school principal or any other member of the teaching staff.

To approve:
- of a charge or contribution determined by the Principal for the provision of certain materials, services and facilities;
- of the costs determined by the Principal to be paid for participation in an extra cost optional component of the school’s educational program;
- of the items determined by the Principal to be supplied by a student for the student’s personal use in the school’s educational program; and
- of an agreement or arrangement for advertising or sponsorship in relation to a government school.

To determine in consultation with students, their parents and staff a dress code for students when they are attending or representing the school.

To provide advice to the Principal of the school on:
- a general policy concerning the use in school activities of prayers, songs and material based on religious, spiritual or moral values being used in a school activity as part of religious education; and
- allowing time for the special religious education of students in the school, but the total number of hours so allowed in a school year is not to exceed 40.

To promote the school in the community.

Limits of Functions

The Council cannot:
- intervene in the control or management of a school;
- intervene in the educational instruction of students;
- exercise authority over teaching staff or other persons employed at the school; or
- intervene in the management or operation of a school fund.

The Council is not permitted to borrow money, or obtain funds for the school.

The Director General may give directions in writing to a Council with respect to the performance of its functions, either generally or in relation to a particular matter, and the Council is to give effect to any such direction.

**Qualifications for Membership of Council**

Membership of the Council will be drawn from the following categories:

- parents of students at the College;
- members of the general community;
- staff of the College;
- the Principal is automatically a member of the Council;

**Farm Rosters**

New Farm Rosters are now available. Please check these if your child is a day student so that you know when they will be on duty. Rosters are located on the College website www.denmarkag.wa.edu.au or can be requested from Admin.

Phone: 9848 0200

**GET READY FOR A LEEUWIN ADVENTURE THIS YEAR!**

The Leeuwin Ocean Adventure Foundation has some exciting news which we would like to share with your school community. We have just released our full voyage program for 2015; another season packed with ocean adventures for 14-25 year olds, aboard the STS Leeuwin II. A unique experiential learning program which is endorsed by the School Curriculum and Standards Authority.

We have two remaining voyages coming up before our annual winter maintenance period and then we recommence in September. Learning to sail a traditional tall ship is a unique and life-changing experience which will challenge participants to step outside their comfort zones and discover their true potential.

We have a range of scholarships available to cover part of the voyage fare for anyone in need of financial assistance. To find out more about our voyages and scholarship program or to download application form please visit www.sailleeuwin.com. Alternatively you can contact our office on 9340 4105 or email office@sailleeuwin.com for more information.
