

WESTERN AUSTRALIAN  
COLLEGE of AGRICULTURE  
*Denmark*

# Ex-Aggie's/Alumni Storyboard Questionnaire

We would like to capture our history and share all the great experiences and stories of our past students. We are proud of our College staff and our students, and we know that as a selective school, we are privileged to be able to provide an agricultural and vocational education to students from all over the country.

Over the years, many things have changed and progressed at the College, however, when we hear stories from our past students, we notice that they all have things in common. We often hear about how the College has impacted our past students, the lifelong friendships that they made in just a few short years, how our unique study programs set them up for work and a career beyond high school. These stories are heart warming, encouraging to future students and are something we are proud to be a part of.

Please share your story by filling in the questionnaire. We will then publish this to our website along with a photo of you if you are happy to share this.

Please email your form back to [denmark.wacoa@education.wa.edu.au](mailto:denmark.wacoa@education.wa.edu.au) or you can bring in a printed hard copy version if you would prefer.

**Name:**

**Years at College:**

**Email:**

**Q1. What did you enjoy the most when you attended WACOA - Denmark?**

**Q2. What was your most memorable moment or fondest memory?**
