

## **KL & ML Bidstrup Scholarship**

The Bidstrup family offers this scholarship to pay forward the support, enthusiasm and access to fantastic opportunities we experienced at WA College of Agriculture – Denmark. This unique institution provides world class education and hands-on experience in the agricultural industry. We welcome this chance to pass on our gratitude, and hope the scholarship will help inspire and support the next generation of agricultural students to dream big, push the boundaries and tackle current and future challenges, as well as contribute to the wider community.

This scholarship entitles the winner to \$500, to be used towards funding an extracurricular activity in the field of agriculture. Examples of suitable extracurricular activity include but are not limited to: relevant work experience; camps such as the Brunswick cattle camp; events such as the SYDF Techspo, or training such as artificial insemination courses.

To apply for this scholarship applicants must fit the eligibility requirements and fill out the attached form, including a short-written section describing how they would allocate the scholarship funds if successful. Applicants must also provide contact details for one referee, this should be someone who can speak to their character and ideally should not be a teacher or family member.

Apply for this scholarship by providing your completed application paperwork to [jtmbidstrup@gmail.com](mailto:jtmbidstrup@gmail.com) before 12PM on the closing date of 27th October 2023.

**The winner of this scholarship will be announced at the WA College of Agriculture – Denmark graduation ceremony.**
